Subject: RE: Agenda for tomorrow's meeting

Thank you, Heather. We should be prepared to discuss most all of the discussion topics identified.

As requested by Rob via voicemail earlier today, attached please find our comments on the 2012 Functional Assessment. Neither Mathew nor I can recall the 2013 FA being formally disseminated by the Corps or any request for comments. We can discuss in more detail tomorrow.

Also, I let Rob know earlier but wanted to make sure you both know that we are not able to host Callie here in person in Seattle, but have set up a conference line which I shared with her. Since I will be leaving early Callie would have to be escorted out of the federal building at that time, so I thought it best to set up the conference line so she can participate for the duration of the meeting.

Thanks and look forward to a productive meeting.
